 - c. The trip to Tennessee was fabulous. Lots of memories were made as the students experienced the world of music at several museums, concert halls and other areas in the cities of Nashville and Memphis. They performed at the Grand Ole Opry and Graceland. There were adults at every location who complimented our students on their musical performances and good behavior (even at the mall.) Students created their own playlist of songs from many genres while at The Museum of African American Music. Throughout the trip, students learned life lessons such as how to use a hotel key, call maintenance to fix a clogged bathtub drain, and stay safe in unfamiliar cities. They even maintained a flexible schedule to avoid a tornado!. Students also learned how to navigate their emotions and represent their school with pride.
